SCOTT-ATWATER HOLDS D-DAY

PLAMONDON—A crowd of almost 1,000 attended D-Day Sunday, June 22, sponsored by Philip Plamondon, Plamondon Mercantile and the McCullough Co., makers of Scott-Atwater outboard motors.

The event, first of its kind ever held in Plamondon district, was held at Bayview Beach and was an outstanding success. It was a beautiful day and the beach was jammed with residents and out-of-town visitors.

Young and old were thrilled with the free rides in the fast-traveling motor boats—the dock was lined from 1:00 p.m. until dark with boating enthusiasts awaiting their turn to ride in one of the five boats, Huntley Vroman of Edmonton, with a beautiful speed boat, provided for the occasion by Scott-Atwater, was the fastest boat on the lake travelling at a speed of 45 miles per hour. Mike Acres of the Consolidated Equipment and

Supply Co. assisted Mr. Vroman. Harold Hrynyk of Plamondon Bay with his new boat the Rounchy, Fred Smith and Maurice Le Beuf with their boats and many others, some from Lac la Biche gave free rides.

A horse race was a part of the big event. Horses belonging to Bernard Gauthier and Harold Hrynyk were ridden by their masters. Bernard Gauthier won the race and was awarded \$28.

Stork Again Wins Race

PLAMONDON—The stork won the race when Mrs. Valmore St. Jean of Charron was on her way to hospital. Mrs. St. Jean was rushed into the Plamondon Nurses' home and soon after arriving, the patient became the mother of a son. Miss Janzen, municipal district nurse, was present and everything went well. The patient and new son were later taken to St. Catherine's hospital.

FEDERAL EXPERTS CONSIDERING ALBERTA - MONTREAL PIPELINE

OTTAWA—Prime Minister Diefenbaker said Wednesday consideration is being given by federal experts to a possible oil pipeline to Montreal.

The prime minister, in a brief Commons reference to the matter, did not make clear where the pipeline might be built from.

But he was replying to a question from Hazen Argue, CCF House leader, that apparently had the possibility of a pipeline from Alberta to Montreal in view.

Mr. Diefenbaker said that when any decision on the matter has been reached an announcement will be made.

Mr. Argue first asked whether the government was planning any meeting with officials of wholly Canadian oil companies to see what might be done to ensure them

greater share of the Canadian market.

Mr. Diefenbaker replied that he knew of no such projected meeting.

Mr. Argue then asked whether any consideration was being given to a pipeline to carry crude oil to Montreal.

Mr. Diefenbaker replied that this matter was receiving consideration from experts in federal government departments and that provincial officials had been consulted. He did not elaborate.

Perhaps It's You

If you want to live in the kind of a town,

Like the kind of a town you like, You needn't slip your clothes in a grip

And start on a long, long, hike. You'll only find what you left behind—

There's nothing that's really new. It's a knock at yourself when you knock your town.

It isn't your town—it's you! Real towns are not made by men afraid

Lest somebody gets ahead. When everybody works and nobody shirks,

You can raise a town from the dead.

And if while you make your personal stake

Your neighbor can make one, too, Your town will be what you want to see.

It isn't your town—it's you!

PORTRAIT OF Queen at play. French-born artist Comte Xavier de Poret shows the Queen riding on the grounds of Windsor castle in this latest portrait of her Majesty. She rides Betsy, a mare given her by the Portuguese people during her visit in 1957. The artist spent two weeks at Windsor castle drawing the Queen and her children. The Queen gave de Poret several sittings, but he used a girl groom from the royal mews to complete details.

Cecile Menard, William Melnyk Exchange Rings in St. Isidore's

BERNY — St. Isidore's church, Plamondon, was the scene of a pretty wedding when Miss Cecile Menard, daughter of Mr. and Mrs. N. Menard of Berny, and Mr. William Melnyk, son of Mr. John Melnyk of Waskatenau, exchanged wedding vows.

The Rev. Father Pawluk officiated at the double-ring ceremony.

The bride, given in marriage by her father, was charming in a floor-length gown with tiered skirt, each tier a froth of net deeply bordered by lace. Her chapel veil of nylon net was gathered to a double crown of pearls and sequins. She carried a bouquet of red roses and white carnations.

Bridesmaids were Miss Simonne Menard, sister of the bride, clad in a turquoise nylon chiffon dress, and Miss Elizabeth Melnyk, sister of the groom, in a coral dress of net and lace over satin. They carried bouquets of white and coral roses.

The groom's attendants were Mr. John Melnyk, brother of the groom and Mr. John Menard, brother of the bride.

The reception was held in the Plamondon community hall. The table was centred with a three-tiered wedding cake. Later a dance was held in the hall.

The young couple will make their home in Fort Smith, N.W.T.

THE Homemakers

By
EDITH WHITNEY

Each day some unfortunate per-
son is overcome with that sum-
mer enemy "food poisoning". The
most common variety is that form-
ed by bacterial growth in the food.
Few of us realize the danger that
exists even when storage space
and counters are clean. However,
by following these few basic rules
much of this danger can be re-
moved:

1. In case of doubtful food boil
before tasting, then if unusual
flavors are present discard the
food.

2. Observe cleanliness in all
phases and protect all foods from
air and flies.

3. Avoid storing foods for any
lengthy periods in warm condi-
tions.

4. Use acid sandwich fillings as
bacterial growth is retarded by
acids.

5. Prepare foods as close to the
time of eating as possible. Re-
member in preventing spoilage ev-
en minutes count.

As a last guide to help you avoid
this menace is this list of foods
which are very susceptible to bac-
terial spoilage — milk, cream,
cream filled pies, cakes and pas-

Don Simon Signs Contract

EDMONTON (UPI)—The Edmonton Eskimos have announced the signing of halfback Don Simon to a 1958 contract with the Western Conference Football club.

Simon, a homebrew, made club history in as much as he now qualifies as the only ten-year-man in the club's history. He joined the Esks back in 1949. Simon who has been plagued by injuries throughout much of his gridiron career, is married and makes his home in Edmonton. He is 27 years of age, measures five eleven and tips the scales at 175 pounds.

Cam Kirby Seeks PC Leadership

RED DEER (UPI)—Cam Kirby, Conservative MLA for Red Deer, has announced his intention of seeking the leadership of the Tory party in Alberta.

Kirby, a 49-year-old Red Deer lawyer, who won a byelection four years ago, said in a statement personal considerations which led him to announce he would not be a candidate three weeks ago "have since been resolved." He added he felt he should offer his services to the party.

The new provincial Tory leader will be elected at an Edmonton convention in mid-August.

Wins First In Tractor Rodeo

A tractor rodeo contest was held Friday at Thorhild in which 10 contestants took part.

Ted Tkachuk, who lives north-east of Gibbons, took first place with 208 points.

Mr. Hickie of Thorhild won second place with 216 points.

The judging was done on the same principle as at the Edmonton Exhibition. In this contest the person with the fewest points wins. Friday's highest score was 590 points.

Last year Mr. Tkachuk won second place.

Irony Noted In Dividend Return

EDMONTON (UPI)—The appeal by the Alberta CCF party to its members to contribute their \$17.50 provincial oil royalties to the party's coffers — has been termed "grim justice" by the Edmonton Journal.

At the party's provincial convention in Edmonton last Saturday an appeal was made to party members to sign over their provincial oil royalty and thereby quadruple

the party's budget for this year.

The Journal's editorial says—and we quote . . . "There is grim justice in seeing political bribery used like a boomerang to help bring about the downfall of the briber."

The editorial also points out that the "dividend stunt" is a pretty poor type of vote catcher.

A former secretary of the Alberta CCF party — Miss Mary Crawford—told convention delegates that the royalty plan is a "wicked, stupid, silly, uncitizen-ship-like thing."

Transfer Of Home Title To Be Tax Exempt

OTTAWA — A once-in-a-lifetime benefit conferred by the new federal budget will allow a husband to give his wife title to \$10,000 in the home they share without having to pay gift tax on the transfer.

Under the same provision in the budget presented to the Commons, a farmer can give his son or daughter a \$10,000 share in a farm to be operated by the child or the farmer and child together.

The exemption on such transfers up to \$10,000, effective from last Jan. 1, can be claimed only once during the life of the giver.

ADDED BENEFIT

The new benefit is in addition to the present exemption allowing gifts up to \$4,000 a year without gift tax.

Mr. Fleming said it will cover most of the difficult tax cases involving transfers of home ownership between husband and wife and of farm ownership between a farmer and his children.

The budget specifies that the transfer exemption applies only to property used as a home by the married couple, and to farms to be operated by the farmer's child or the farmer and child together.

The rate of gift tax ranges from 11 to 23 per cent on gifts between \$5,000 and \$550,000.

SECOND CHANGE

A second change involves the tax on gifts made within three years of the donor's death. Under law, such gifts must be included in the donor's estate on which succession duty may be levied.

The new measure will allow a

GO WEST, YOUNG MAN, T. DALE WAS TOLD, SO HE WENT NORTH

In 1909 the Thomas Dale family read in a newspaper in Minn., U.S.A., about the promise of farm land in the Kamloops area.

They decided to go and so with all their belongings, household effects, livestock, plants and shrubbery in a railway car they started out. The fare was approximately \$13 per person. Instead of going to Calgary where the railway was already laid, they arrived in Edmonton to be told the railway ended at Stony Plain but was being built through. Dales, in their determination to get to the promised land, got off at Stony Plain and built a shack in open ranges just west of the present Henry Weber home and here they remained

for 14 years and Mr. Dale went to work on the railroad. When the railway was complete Dales had lost the urge to go on and Mrs. Dale still lives in Stony Plain with her son Dan who operates Roselee Hatchery in the south east section of Stony Plain.

Stony Plain Old Timers Recall Football Games With Indians

Three old timers, who lived in or near the old site of Stony Plain and are now living in town, are Mrs. Karl Danhauer, Henry Miller and George Oppertshauser.

The two men recall playing football, both were forwards, and played the Indian quite frequently. "They were good for about five minutes," said Mr. Oppertshauser, "and then they petered out. No endurance."

Thinking back over the years while getting their pictures taken for the special Stony Plain edition, Mrs. Danhauer, whose first name is Mary, said she came to the old town in 1892 from Austria. She is the daughter of Martin Ulmer, who took up a homestead.

In 1901 she married Karl Danhauer and homesteaded in Inga, returning to Stony Plain town in 1918.

She has one son Edward, of Danhauer Sheet Metal; and three daughters: Mrs. Mary Moyer and Mrs. Esther Trapp, both of Edmonton; and Mrs. Violet Goebel of Spruce Grove. Altogether she has four grandsons.

Henry Miller came to the old town in the spring of 1891 during the trek from Medicine Hat. In 1905 he joined his brother's store, working alongside of Phillip, Jake and John.

Mr. Miller stayed in the store until 1910, then operated a livery barn, farmed for a year, operated

a pool room and was a grain buyer, retiring in 1940.

He married Barbara Enders in 1897 and they had 12 children, including identical triplets, Edward, Albert and George.

George Oppertshauser lived in the Spruce Grove district in 1900, and in 1905 his father took up farming near the old site of Stony Plain and started up a small hardware.

In 1906 in the fall, his father, Henry, built a hardware and heating business in Stony Plain town.

It has run under the name of H. Oppertshauser and Sons, and

George's son, Oscar, is managing it. Mr. Oppertshauser's son-in-law, John Duholke, who married Louise, is the heating man in the store.

George married Barbara Ulmer in 1910 and they had two sons, Oscar, and Walter, who passed away in 1950, and one daughter, Louise.

The Miller triplets, Albert, George and Edward have received medical recognition in many places as identical triplets. They caused a great deal of confusion when they first joined the army.

Teamwork succeeds when both horses pull.

BRIDGE NOT OVERLOADED

VANCOUVER — A coroner's facial cuts suffered in the col-
lapse of the Second Narrows Bridge died as a result of injuries or of drowning.

A survivor of the bridge collapse testified that although there were 230 tons of equipment on the end span when it fell, he didn't think it was overloaded.

James English, a job superin-
tendent, still bore black eyes and

lapse.

A rider attached to the verdict recommended "in time of emer-
gency that unnecessary marine traffic be temporarily halted or diverted so that bridges do not open during rescue operations."

The jury learned the old Sec-
ond Narrows Bridge, which the new bridge was to replace, was open to marine traffic shortly after the disaster and an ambu-
lance was delayed.

Wage Offer Is Accepted

EDMONTON—A general salary increase of nearly eight per cent has been accepted by more than 8,000 provincial government employees.

Anthony Earnshaw, president of the Alberta Civil Service Association, said the increase will become effective July 1. The association accepted the government offer following an executive meeting.

Mr. Earnshaw said the government offer was "very close" to

proposals advanced by the association. Association officials have been negotiating with the government since February, seeking an increase averaging eight per cent.

TO NAME CHANCELLOR

EDMONTON (UPI) — The board of governors of the University of Alberta announces that nominations for the chancellorship of the university will be received until July 15. Dr. E. P. Scarlett of Calgary, chancellor for the last six years, is retiring this fall. His successor will be elected Aug. 15 by U of A graduates and members of Convocation.

Council Indignant At Property Owners' Letter

EDMONTON — City council reacted with indignation to a letter from the Property Owners' association of Edmonton which listed eight queries on the city's methods of obtaining its recent \$14,000,000 debenture issue.

Earlier the EPOA were told by Tom O'Dwyer, graduate engineer of the University of Alberta, and financial agent for a New York banking firm, that the city of Edmonton could have swung a loan at 4.50 per cent interest with his company, and 4.25 per cent with another Canadian company, instead of the 5.21 per cent interest finally arranged.

The EPOA's letter asked for the

answers by June 30.

Council agreed to furnish the group with the answers over protests by Alderman Mrs. Douglas and Alderman Roy.

Mr. Roy termed the letter an "insult to every decent member of the council" and said the information sought "is public information and appears on the debenture's registration statement filed with the U.S. Securities Commission, under oath."

The letter asked if the city used "normal competitive methods" in securing its loan; "if so . . . the various methods"; the method of securing a fiscal agent; the name of the fiscal agent; the individual associated with the agent; the amount of underwriting fees; net amount of the loan in Canadian dollars; and the designated use for the funds.
